

WELCOME BACK!

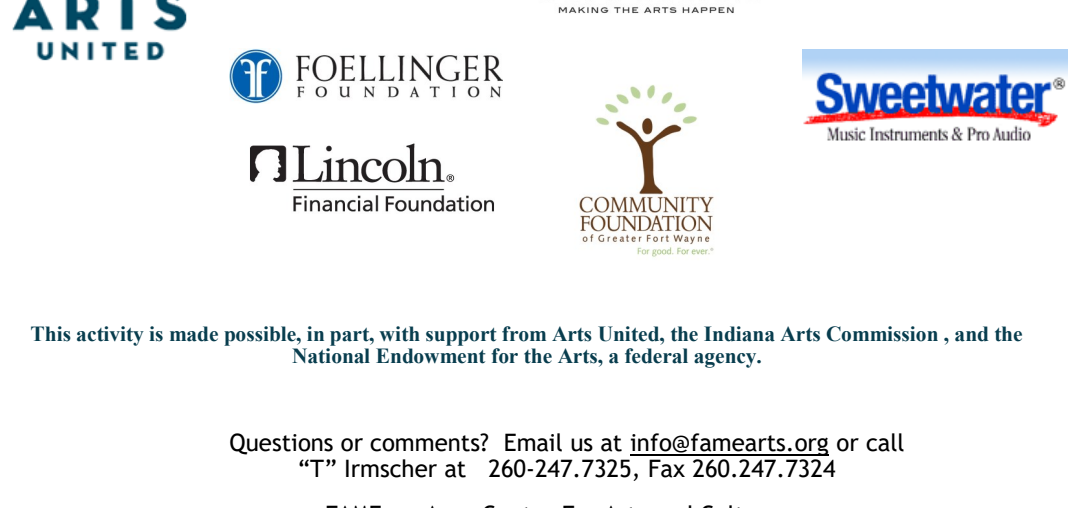

Wow! What unusual circumstances we are in right now. Thinking back to last March and having to cancel the FAME Festival was such a hard decision knowing how much work everyone had put into making it a great Festival! All the artwork, all the music and dancing...it was all so disappointing! Now, months later and we are still dealing with the repercussions of COVID-19.

The FAME Board of Directors are busy trying to decide what is best for the FAME programs for this upcoming school year and for those that take part in those programs.

The good news is that we have a very fun theme for 2020-21. Planet Earth! You can explore so much with Planet Earth like recycling, the mountains, the oceans, the environment. However you choose to celebrate the Earth!

We will keep you up to date on what will be happening this year with FAME. We plan to have a virtual Teacher's Meeting in September and hope that you will join us.

Wishing you all a safe and happy school year!

This activity is made possible, in part, with support from Arts United, the Indiana Arts Commission, and the National Endowment for the Arts, a federal agency.
